11.1 ORDER CONCERNING NAVIGATION THROUGH THE WEST AND THE EAST BRIDGE IN STOREBÆLT (GREAT BELT)

Between the islands of Fyn and Sjælland a fixed traffic link has been established. The traffic link consists of a low level bridge across Vesterrenden (Western Channel) and a suspension bridge across Østerrenden (Eastern Channel). The Danish Government has issued an Order concerning the West Bridge and the East Bridge.

Extracts from the Order follows. For further details see the Order published in the Danish Notices to Mariners No.1.

11.1.1 Rules of navigation. Navigation through the West Bridge is only allowed for ships of less than 1000 DWT. Ships of 50 GT and upwards shall use the marked navigation spans. The eastern navigation span between piers 34 and 35 may only be used by northbound ships and the western navigation span between piers 37 and 38 only southbound ships.

The two navigation spans which are separated by two unmarked spans have a width of 104 metres. Over a width of 70 metres around the centre of the navigation spans the free vertical clearance is **18 metres** at mean sea level. Outside this profile the vertical clearance decreases to 16 metres at the piers.

Ships of 1000 DWT and upwards shall use appropriate routes in the traffic separation scheme in Østerrenden (Eastern Channel). Vertical clearance in the traffic lanes is **65 metres**.

Anchoring and fishing in the buoied navigation lanes is prohibited. Navigation at right angles to the general direction of traffic flow off the navigation span is prohibited within a distance of 500 metres of the bridge.

11.1.2 All ships crossing the buoied navigation lanes and channels shall attempt to navigate so that risk of collision with ships, using the navigation lanes and channels does not arise. If, however, risk of collision does arise, the Steering and Sailing Rules of COLREG must be applied.

Søkortrettelser / Chart Corrections
på Internet
<http://www.kms.dk>

"Søkortrettelser" indeholder de officielle rettelser til danske, grønlandske og færøske søkort, de danske søsportskort samt "Den danske Havnelods", de regionale havnelodser og "Waypoints i danske farvande". "Søkortrettelser" fås i abonnement og udsendes desuden som bilag til Efterretninger for Søfarende (E.f.S.). Ved henvisninger til flere søkort i forskellig målestok nævnes kortet i største skala først og rettelsen er beskrevet, som den bør udføres i dette kort. Oplysningerne i parentes efter rettelserne refererer til E.f.S. (nr.-løbenr./år) eller anden kilde. Abonnement på "Søkortrettelser" kan tegnes for et kalenderår ved henvendelse til: Kort & Matrikelstyrelsen, Detailhandelskontoret, Rentemestervej 8, 2400 København NV, Telefon: 35 87 50 50 lokal 5304, Telefax: 35 87 50 68. E-mail: kms@kms.dk Pris for levering i 1999 kr. 80,- inkl. moms.

"Chart Corrections" contain the official corrections to the Danish, the Greenlandic and the Faeroese charts and the Danish pleasure craft chart series. "Chart Corrections" are only available as a subscription. Furthermore, they are annexed "Efterretninger for Søfarende" (Danish N. t. M.). When referring to several charts of different scales, the largest scale chart is mentioned first, and instructions for the correction of this chart are given. The figures in the brackets after the corrections refer to Danish N.t.M. (No/serial No/year) or other source. For orders or enquiries about subscription please contact: Kort & Matrikelstyrelsen, Retail Business Department, Rentemestervej 8, 2400 København NV. Tel.: + 45 35 87 50 50, ext. 5304, Fax: + 45 35 87 50 68. E-mail: kms@kms.dk Price for ' subscription in 1999 DKK 80,- .
